

Registration for the 2022/2023 school year is now open!

You can login to your [Aspire](#) account to complete the process online. If your student is going to be attending Discovery Elementary, we ask that this be done as soon as possible. We need to get all our students registered so we can put class lists together as well as make sure we have enough desks and supplies. The registration also must be completed for the students to use any of the Chromebooks or computers at school as the Internet Agreement is part of the registration process. This is critical as we have many programs that we use on computers.

If you have trouble accessing your account or questions, please contact the front office.
